

CONTROLS UPGRADE

NIAGARA-4 TRADE-UP PROGRAM

CONVERGENTZ

NOW IS THE
TIME FOR AN
UPGRADE!

TAKE ADVANTAGE OF DISTECH'S NIAGARA-4 TRADE-UP PROGRAM

Beginning July 1, 2021, legacy JACE hardware, AX downgrade options, and AX software will no longer be sold and Tridium is phasing out the entire Niagara AX product line. Now is the time to upgrade your legacy AX system and save money in the process!

Distech is offering a **20% discount** when you upgrade to a Niagara-4 JACE-8000, including the software core and initial SMA when replacing legacy AX JACE.

Additionally, a **10% discount** will be added when replacing AX platforms purchased on or after January 1, 2017 for a total **30% discount**.

UPGRADING TRIDIUM JACE PLATFORM:

- Software does not have to be rewritten; therefore, this option is more cost-effective in most cases.
- Distech uses the latest Tridium technology in their hardware.

** OFFER VALID THROUGH DECEMBER 15, 2020*
